Belize March 6-13, 2027

Get ready to dive into one of the world's most spectacular underwater destinations—Belize!

Home to the second largest barrier reef on the planet, this tropical paradise also boasts the legendary Great Blue Hole and three of only four true coral atolls in the entire Western Hemisphere.

Beneath the surface, Belize reveals an incredible world of vibrant reefs, thriving with colorful coral and sponge formations. Many of the dive sites start at a welcoming depth of just 20–40 feet, making it ideal for divers of all levels to experience stunning walls and dramatic drop-offs.

What truly sets Belize apart is its extraordinary marine life. Swim alongside graceful sea turtles, curious stingrays, massive schools of tarpon, and an impressive variety of tropical fish—all in their natural habitat.

And of course, no trip to Belize is complete without diving the iconic Blue Hole—a true bucket-list experience!

Join us on this unforgettable diving adventure.
Whether you're seeking breathtaking beauty, rich biodiversity, or just a unique getaway, Belize delivers it all.

Let's dive in—Belize is calling!
